

WALK-IN MONITOR

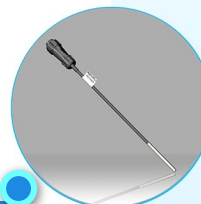

SMART KITCHEN SYSTEM / SKS

Renau's Smart Kitchen System provides operators with valuable insight into their Walk-In's health. Provide staff with corrective action alerts on the Smart Kitchen Timer such as "close walk-in door". Connect to Renau Cloud for remote monitoring from HQ. Download HACCP reports and receive a text or email when something is wrong. Protect profits and prevent product loss, and equipment downtime with the Smart Kitchen System line of products. Call or email to learn more.
